The Homelessness Crisis

This blog is about homelessness in Ealing.

The number of people asking for help with homelessness in Ealing has tripled since 2021. That's a big increase in just three years!

Homelessness is bad because it means people don't have a safe place to live or sleep. It can make them sick and lonely.

Research from Ealing Council shows that the main reasons for homelessness are:

1. Public landlords not giving enough affordable homes.

2. Private landlords are kicking people out because of new laws.

3. Rents are going up, making it hard for people to afford housing.

What You Can Do:

1. Spread the Word: Tell people about the homelessness problem in Ealing. We need everyone to know and care about it.

2. Support Us: We need more help to give advice to people facing homelessness. Even small donations can make a big difference.

Let's work together to make sure everyone in Ealing has a safe place to call home!
